Action Taken Report (2023-24) on Feedback Analysis of Students

Introduction:

IQAC of the Institution makes it a tradition to mandatorily collect feedback from students. This is done by the student's grievances and redressal cell. It collects and analyzes the feedback forms received from students and submit action taken report to the head of the Institution.

Objective:

The objective of this exercise is to gauge the impact of all the efforts taken by the institution for the development of students. The College intends to enhance its benefits to reach all the students. This feedback is collected through online mode.

Methodology:

- The Feedback on curriculum, infrastructure and other physical facilities provided is collected from students by circulating the Feedback Forms.
- It is collected by student's grievances and redressal cell and will be submitted to IQAC and Principal to deliberate on various grievances/suggestions made by the students.
- The Cell holds meeting at the end of the academic year to discuss on the various suggestions and prepare action taken report.
- The action taken report will be circulated among the staff members through the IQAC and a copy of the same report is submitted to Principal.
- Based on the Annual Feedback Action Taken Report, plans for the next academic year will be prepared in the faculty meeting.

The following gives a detailed report of the issues raised by the students during 2022-23 and the subsequent action taken by the institution during 2023 - 2024.
